Terms That Apply to all Accounts

- Dividends will begin to accrue on the business day of deposit.
- Dividends are calculated by the average daily balance method which applies a periodic rate to the average daily balance in the account for the period.
The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.
- All accounts have variable dividend rates and may change as determined by the Board of Directors.
- Following are examples of dividend periods. All other dividend periods follow the same pattern of dates: Monthly Jan 1-Jan 31; Quarterly Jan 1-Mar 31.
- Above are prospective dividend rates for the current dividend period.
- The Board of Directors reserves the right not to pay accrued dividends if an account is closed before dividends are paid.
- Dividends are paid from current income and available earnings, after required transfers to reserves, at the end of a dividend period.
- Fees may reduce earnings.

*Reg D Transaction Limitations

- Federal Regulation D (Reg D) requires Wings to limit the number of transfers to another account at Wings or to a third party from all accounts (excluding checking accounts) to 6 per calendar month or statement cycle of at least 4 weeks. The transaction counter is reset each time a statement is produced or at month end for quarterly statements. This limitation includes preauthorized or automatic transfers, telephone transfers, online and mobile transfers, ACH transfers, transfers made by debit card or any similar order made to a third party.
- This limitation does not apply to transactions that repay loans at Wings, withdrawals by telephone if a check is mailed payable to the account holder, and transactions made by mail, messenger, automated teller machine (ATM) or in person.

**Holiday Club Transaction Limitations and Terms

Withdrawals are not allowed. On the first business day of November, dividends will be paid and the entire balance of the account will be transferred to the Share Savings Account. If closed prior to November 1st, accrued dividends will not be paid.

†High-Yield Checking Account Terms

Dividends are calculated based on the average daily balance in the account. If requirements are met, a higher rate will be paid for the first \$25,000 and a lower rate will be paid for any amounts over \$25,000. If requirements are not met, your dividend rate on your entire balance will be the lower rate.

The requirements are:

- You must be enrolled in e-Documents
- You must have ACH direct deposit(s) totaling over \$300 in the 34 calendar days preceding the last day of the month.
- You must have 15 net PIN or signature point-of-sale debit card transactions over \$5 in the 34 calendar days preceding the last day of the month. The net is calculated by counting the number of PIN and signature point-of-sale debit card purchase transactions over \$5 and subtracting any PIN or signature point-of-sale debit card return transactions processed during that period.

Debit cards tied to this account are not eligible for Wings Member Rewards.
